

- Attached are the 28 day weights
- Nutritional health status has been good with a few bulls having decreased intakes for a couple of days but then intakes increased back to normal, overall bull health has been great, but we have had a few mobility issues due to bulls fighting. Those bulls are recovering well though

Attention Consignors: You will need to make sure you have turned in a weight so that you can obtain your ADJ 365 d WT from the association. If you are going to use the weight in this report the weights were obtained on 11/28/2017.
