

The 42<sup>nd</sup> Annual Performance Tested Bull Test at SIUC is underway! Attached are the on-test weights for 49 bulls along with a list of consignors, addresses, and phone numbers.

For this year's sale the bulls will be going through the sale ring. Also, we will be selling heifers immediately after the bulls.

If you notice your bull lost some weight it is because they were only fed to maintain and/or to have an ADG of 1 lb/day during training. Thus, please don't be alarmed. The bulls have adapted very well to the Calan Gate System! 28 day weights have already been taken and will be released soon!

A few reminders:

- Be sure to get your weaning WTs and yearling WTs turned into the association in a timely fashion; the Adj weights are due to the test station on **Feb. 2<sup>nd</sup>**
- Advertisements for the catalogue will be due **Feb. 1<sup>st</sup>**
  - full page advertisement (5.5" x 8.5") for \$125
  - half page (5.5" x 4.25") for \$50
  - a business card for \$25
- **If you see missing information in this report please get it to us ASAP**
